## Job Description

We have an immediate opening for an experienced **4th year or Journeyman HVAC/R installer/service technician** who would like the opportunity to join our team.

As such, you will receive a competitive wage, company vehicle, benefits and pension.

### Responsibilities

- Installation of HVAC and refrigeration equipment and systems.
- Troubleshoot refrigeration components and repair as required.
- Perform start-ups, inspection, troubleshooting, and preventative maintenance of refrigeration and compression systems, and the correction of system problems.
- Demonstrate the highest level of customer service including prompt, friendly, competent and ethical service.
- Work safely, observing all safety rules and regulations, ensuring a safe environment at all times.
- Complete all paperwork and reports as required and on a timely and consistent basis to help ensure invoicing is completed in a timely fashion.
- Other duties that may arise during the performance of the job function

### Requirements

- HVAC/R Certificate.
- Field experience with HVAC equipment and commercial refrigeration systems.
- Strong customer service and relationship building skills.
- Clean Driver's abstract.
- Ability to work independently and on-call

Expected start date: 2020-12-09

Job Types: Full-time, Permanent

Salary: \$70,000.00-\$85,000.00 per year

---

## Application Questions

**You have requested that Indeed ask candidates the following questions:**

- How many years of HVAC/R experience do you have?
- How many years of HVAC/R Service and Installation experience do you have?
- Do you have a driver's license?
